Safeguarding Statement

HARP is founded on the principles that people have a right to be completely secure from both the fear and reality of any abuse. The safety and well-being of each service user is of paramount importance.

HARP intends to create services within which people are safe from abuse, and in which any suspicion of abuse or actual abuse is promptly and appropriately responded to.

Equal Opportunities Statement

HARP recognises that people with different social and ethnic backgrounds, skills and attitudes, can bring new ideas and perceptions to an organisation.

HARP is committed to taking positive action to fight unlawful discrimination in every aspect of its work and the services it provides. HARP believes that everyone has a right to services and employment which are free from direct or indirect discrimination on grounds of gender, race, colour, creed, religion, marital status, sexual orientation or disability or any other grounds protected by legislation.
